Five New 50 State Quarters® in 2002

This year's United States Mint Silver Proof Set™ marks ten years of the United States Mint's endeavor to present the world's finest, most elegantly presented silver proof coin sets to the public. Join us in celebrating this anniversary by owning, as well as sharing, the 2002 silver proof set with family and friends.

Each of these beautiful silver proof coins has a distinctive cameo appearance created by the contrast of a finely detailed frosted foreground against a shimmering mirror-like background. A splendid addition to any coin collection, these sets make an impressive gift for someone you love, a present for holidays or birthdays, or a keepsake for a silver anniversary.

The United States Mint Silver Proof Set™ includes all five new quarters issued in 2002 through the 50 State Quarters® Program. The Roosevelt dime, the Kennedy half-dollar, and the five new quarters are minted in 90% silver – generally referred to as "coin silver." The set also includes proof versions of the Lincoln cent, the Jefferson nickel, and the Golden Dollar featuring Sacagawea – 10 coins in all.
